THE AMERICAN UNIVERSITY

Metropolitan Memorial Methodist Church

A few short years ago a new century was welcomed with laughter and noise-makers. The sounds of the new era were the horn of the automobile; the ring of the telephone; the roar of the airplane; the scream of the world at war. It was the reckless era of electricity, of speed and power, of the death of isolationism.

The sound of the mid-century years is that of the atom. The perilous new era is one of far greater speed and power which will extend our universe and demand even greater active participation in our world. The following years can be ones of great creativeness or of great destructiveness. The choice belongs to us.

June

Graduation! . . . A diploma . . . after four hard years that seemed to slip by all too quickly . . . Now out into the cold, cruel world to make our fortunes . . . or don Uncle Sam's livery for awhile . . . Farewell.

Community Association Council: Sue Hall, Bob Horan, Col. Bolles, Pat Murdock Croft, Larry Traylor, Bob Hamilton, Rufus Peckham, Dr. Posner, Vernon Moore, Jerrie Link.

The student governing bodies this year have been particularly concerned with the problem of cooperation and aid to a new administration, while

working toward the soon to be attained goal of a united university.

University Publications Board: Lucile Buice, Col. Bolles, Jinx Reznikoff, Mr. Kempton, Dean Gondos, Ernie Dibble, *chairman*, Tiny Stickney, Jeanne Fertig, *secretary*, Pat Murdock Croft, Dr. Clark.

THE STUDENTS SPEAK

The College Council: Dean Gondos, Alice Petersen, Sarah Munday, Sue Olson, Robert Petree, Virginia Day, *vice-president*, Don Sturgis, *president*, Marge Inlay, *secretary*, Dick Witter, *comptroller*, Louis Long, Charles Baer, Gretchen Hightower, Mr. Smith.

AND THE FACULTY LISTENS

The Student Life Committee, reorganized this year, meets to discuss student activities and hear complaints. The committee, consisting of Trustees, Faculty, and students, proposes constructive suggestions and checks to see whether their suggestions are carried out effectively. The meetings result in a fuller understanding of administration policies by the students. Among the projects successfully initiated this year by the committee was the placing of an additional water fountain at SSPA.

CLASSES

. . . 1954

Three down and one to go — three college years behind them and one more to go before they receive that degree. The next year will be one of hard work, leadership — next June will see them proudly carrying away a sheepskin. Some in the Junior class have spent all three years at AU; some have come to AU from other local or distant colleges. Some will remain in this vicinity after next year's graduation; some will enter into vocations and avocations that will carry them around the world. But first comes one more year at AU —.

Junior Class Officers:
Charles Davis, *president*;
Ethel McEvoy, *vice-president*;
Miriam Thompson,
secretary; Alan Marsh,
treasurer.

... 1955

Sophomore Class Officers: Elinor Houck, *secretary-treasurer*; Carl Hevener, *president*; Nancy Ryan, *vice-president*.

The proud Soph may now honestly mount the steps of Mary Graydon and say "Veni, vidi, vici." He has come, he has seen, he has conquered. This second year at A.U. is much easier than the first, for he is now a settled person. But there are drawbacks. Like Caesar found Gaul, he finds college split into three parts. In the eternal triangle are 1, the book, 2 the extracurricular activity, 3 the party. The only solution to this problem is the most impossible one — time. (A commodity very rare among Sophomores.)

Next year: Another goal will be attained — upperclassmen.

Ruby shakes hands with Doug, during the annual Skit Night, presented to the Freshmen by the Sophomores.

... 1956

Freshman Class Officers: Peggie Bole, secretary; Midge Manville, vice-president; Brock Morris, president; Ann Hightower, treasurer.

Genue: Frosh. Phylum: A. U., class of 1956.

Characteristics: Green pallor, wide-eyed, eager and excitable, prone to intense attacks of sophomore-hateitis, in most cases a bit wet behind the ears and usually exhibiting a definite aversion to "hazing."

Metamorphosis of the Frosh: This is a new world and the exploring specimen must suit himself to his environment. To do this, the aspiring Frosh usually goes through three distinct biological developments.

1. *Timidity* — college is something that sounds a bit tough; the faces are strange, the buildings are stranger. This is definitely not like good old Podunk High to our specimen.

2. *Relaxation* — the release of tension is accompanied by a round of picnics, dances and "Skit Night," which is followed by the begin-

ning of "Hazing." The Genue Frosh is seen to have acquired a small, apparently round cloth covering, usually red-white-and-blue at the top of his structure. This amazing new paraphenalia is in evidence for a period of about two weeks and is then shed. It is known to the scientific world as a "Beanie."

3. *Maturity* — The environment is now dominated by books, classes, and the perpetual "profs." This period is marked by a definite conjugation, or splitting up of interests. Outside of class he is still carefree; in it he is now deadly serious.

Complete length of metamorphosis — usually four years, if the rules of nature are followed. The finished product is usually parasitic. He has learned to cling to two things: a booth in the coffee shop and a bridge deck.

What a year this has been! Christmas packages, caroling at Children's Hospital, the Christmas Dinner and the first of our trophies — for the most outstanding table decoration . . . and along about this time Parvin became Phi Sig Moonlight Girl . . . nest, Homecoming, and the squeals from the gals were justified . . . two first prizes for the best float and poster . . . Spring and our work with the blind . . . and our hoedown, the annual Hayseed Hop, with barn, fiddles and king . . . Busy bees: business manager, newspaper society editor, Pan American Club and poetry club presidents, intramural hockey manager and college council representative and finally Houseparty.

Fraternity is a combination of the two words "Frater," from the Latin "Frothy," — "sends forth beer" and "nity," from the Greek "Nighty" — a word closely related to "Pajama" — or "Knights of the Beer," from which the first Greek letter fraternity, Eye-Tappa-Keg, was originated.

Closely allied to it is the sister word "Sorority," a combination of the English feminine "Sore" and the French "Risque." The original sorority, If-Pappa-Nu, was but recently revived on campus.

Under the leadership of their new coach, Hugo "Dutch" Schulze, the Eagles of 1952-53 again showed their supremacy in the Mason-Dixon Conference as they moved through their schedule to again enter the playoffs for the conference championship.

After a "hard-luck" season last year with the Jayvee team, "Dutch" was promoted to Director of Athletics and Head Basketball Coach when Stafford H. "Pop" Cassell was moved up to the front office as the Assistant to the President. Since coming to A.U., "Dutch" has been "Pop's" assistant, and is thoroughly acquainted with the system that has brought acclaim to A.U., the floating zone defense.

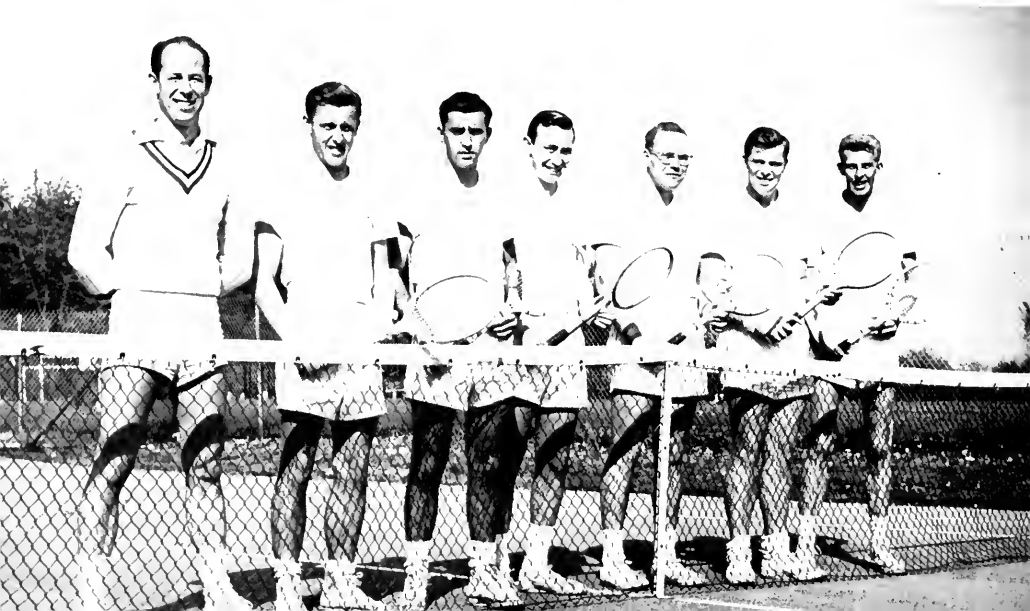

"Dutch" was very fortunate in having five lettermen returning to help him start his head coaching career at A.U. Those who were returning were: John Selby, Bud Daly, Bob Jones, Carl Hevener, and Charlie Baer. Besides these returning lettermen, "Dutch" also had three new freshmen, Marty Sigholtz, Jimmy Williams, and Dick Parker, and two seniors, Bill Faux and Jay Cone, to help carry the team through the tough season that lay ahead.

ORIENTATION . . .

"Who's the babe that danced in the last act? . . . Wow! Has this Frosh Class got talent! . . . Wonder what her phone number is."

And the Freshmen strike back. After experiencing the questionable delight of being entertained by the upperclassmen, the newcomers display their wares to the school in the Annual Frosh talent show. The class of '56 put on a delightful exhibition of dancing, singing, and comedy. And while the youngsters took their pratfalls, the old gray-beards in the audience took notes for future reference.

"Oh no . . . It can't be as bad as all that! . . . They won't really be that strict, will they! . . . Will they?"

And the fuzzy-checked freshmen shudder behind their laughter as they watch the upperclassmen clown through the annual "skit night." Willard Scott and Harry Cullis as typical Sophomores led typical frosh Bob O'Connor and Doug Davis through a series of typical hazing incidents, loaded with typical A.U. ad-libbing. Then came scenes from last spring's political — all rehearsed. Thus was the show saved, and the audience went away satisfied — satisfied that this had been a very un-typical skit night.

WARUNA OF BALI

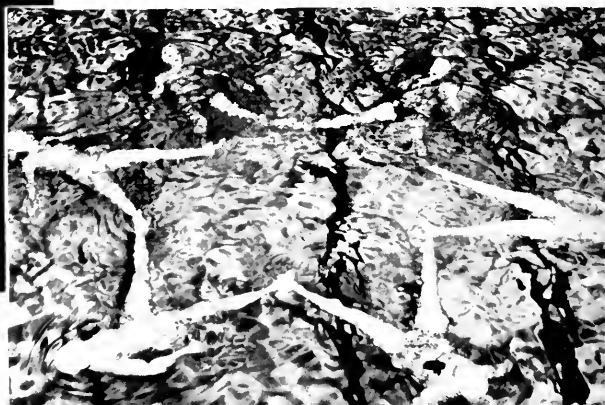

... And another A.U. activity evolves into an A.U. institution. Aquiana's fall water ballet this year, entitled "Waruna of Bali," was an awe-inspiring spectacle. The pool was packed each night with students eager to catch a glimpse of Bob Frailey's mermaids.

But it wasn't only the students that were impressed by "Waruna." A short time after its initial presentation, Frailey's flock was seen performing again on NBC-TV's "Today" before the whole country.

SEASON'S GREETINGS

The boy was quite upset. It was an affront to his dignity.

"Don — if you think I'm going to wear that crazy robe you're out of your mind! Shepherd or no shepherd, I'll be darned if I'm going to parade around the stage in front of all those people in that thing."

But he did wear it — and thus once again Season's Greetings, 1952 edition, did its part in preparing A.U. for the festive season ahead. This year's show inspiringly captured the two-sided spirit of Yuletide most effectively. The first act combined A.U.'s vaudevillian talents to picture the lighter, gayer side of Christmas. The second act portrayed the moving birth of the Christ Child, as read from St. Luke, and pantomimed on stage by the actors — robes and all. Thus beautifully capturing the more somber, thankful spirit of Christmas.

There was no snow to harass transportation this year, and Season's Greetings continued its custom of collecting toys for Children's Hospital.
